About Vasota:

Vasota Fort is an ancient hill fort situated at an altitude of 1171 meters near Bannoli in Satara district. The fort is situated in the deep forests and valleys of the Koyna Wildlife Sanctuary. The Shivsagar Lake is on three sides of the Vasota Fort, which on the lake's edge

Vasota Fort is indeed a great starting point for a jungle trip. The view of the Sahyadri mountains, along with the surrounding forest, lakes, rivers, and waterfalls, is just stunning. Nowadays, this region is a popular destination for treks and expeditions. This fort is considered difficult because the only way to reach the top is through the jungle. In addition to the natural beauty that surrounds the fort, the adventure of getting there is half the delight for visitors. Any visitor would be captivated by the natural splendor and charm of the area, and the local beauty would win them over.
